Fatawu Bukari

PROFILE

Experienced and versatile Product Designer with over 10 years in digital design, UI/UX, and front-end development. Proven track record in creating impactful user experiences across web and mobile platforms.

EXPERIENCE

Freelance Product Designer / App Developer
RealEstateDepot

Oct 2024 - Jun 2025

• Led UI/UX design for the RealEstateDepot mobile app
• Created wireframes, user flows, and polished visual designs
• Developed the front-end using React Native for cross-platform deployment
• Integrated APIs and dynamic data in collaboration with back-end developers

Product Designer / Frontend Developer
RMP Enterprise

Dec 2013 - Aug 2023

• Led design for platforms including RateMyPlacement, RateMyApprenticeship, and internal tools.
• Created wireframes, prototypes, and user flows
• Conducted user testing and implemented feedback for improvements.
• Worked closely with product managers and developers in agile teams

Web/UI Designer
Currys / Dixons Carphone

Sep 2013 - Dec 2014

• Designed micro-sites for PC World and Curry's brand campaigns
• Developed responsive templates and front-end assets
• Coordinated with marketing and dev teams to launch features

Web/UI Designer
Futura Internet Services

Sep 2012 - Sept 2013

• Designed UI and branding materials for client projects
• Built interactive prototypes with HTML, CSS, JS
• Communicated directly with clients from start to finish

Design Intern
The Guestlist Network

Jun 2012 - Sept 2012

• Designed print and web graphics under tight deadlines
• Supported website improvements and UI updates
• Participated in both web and print production tasks

EDUCATION

BSc Computer Science
Middlesex University, 2011

BTEC IT Practitioner
Southwark College, 2008
